ARTICOLI SU BASE HOPPE HCS

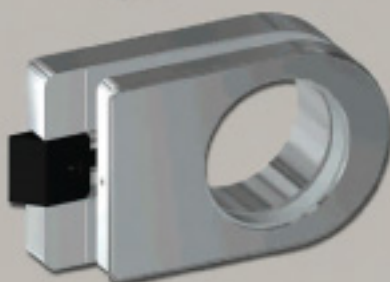

Colcom interpreta, secondo quello che è il proprio stile, la maniglia HCS della Hoppe. Questo si concretizza in una serratura di contenute dimensioni ma con ampie possibilità di personalizzazione ed evoluzione, attraverso le combinazioni sia tecniche che di finitura. L'accoppiamento con la cerniera a profilo coordinato ne fa una soluzione d'arredamento completa e funzionale nella sua semplicità.

Cerniera Cod. 8664

HOPPE HCS - BASED ITEMS

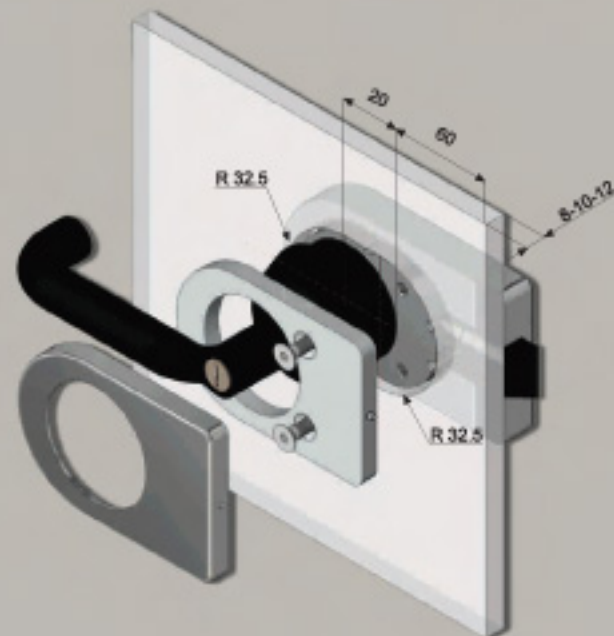

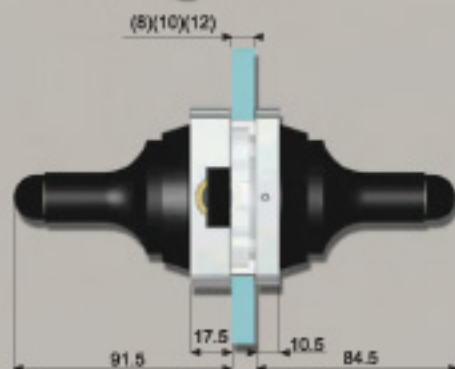

Colcom has re-interpreted Hoppe HCS handle according to its own style. The result is a solid lock with reduced dimensions, but with increased flexibility and possibility of personalization concerning both finish and technical features. Together with its matching hinge, which completes the set, it offers a neat, simple and very functional furnishing solution.
